

Lompoc Country Flagstone

Distinctive Natural Beauty - Features a warm, creamy tan body with rich oatmeal and gold tones accented by striking gray highlights.

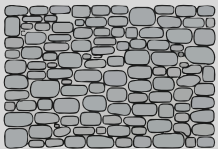

Generous Coverage - Covers 70-90 square feet per ton, making it an efficient and cost-effective choice for your project.

Substantial, Durable Pieces - Pieces range from 6"x6" to 14"x14" and run 1 1/2"-2 1/2" thick for a solid, lasting installation.

Incredibly Versatile - Ideal for walkways, patios, entries, floors, decks, and driveways in both residential and commercial settings.

Beautiful Indoors & Out - Works equally well as veneer for walls, columns, fireplace faces, chimneys, barbecues, planters, and water features.

Available in Multiple Formats - Offered in Wall Rock and Thin Flag varieties to suit your specific design needs.
